Minor changes to be made are to include food in the ticket price and to also make the change that this is a family friendly event, meaning families attending could bring along their children. The next steps would be to apply for a license to sell/buy alcohol and to get the changes done on the posters, tickets will be on sale from Monday 3<sup>rd</sup> October.

**Remembrance Sunday** – the committee decided that it would be useful to have a better PA System at the remembrance Sunday ceremony as the current one that is being used at past events is not loud enough for the public to hear. The committee decided it would be a good time to call a meeting with Piers Beeland to discuss any further requirements and what will happen on the day. [Minute No. 5493/2022](#)

**Christmas Festivities** – it was proposed, first and seconded that the council will hold an annual Christmas event at Y Parc, Santa will lead the parade from Y parc into town where the lights will then be switched on at swift square car park. It was requested that the council could possibly allow Artisan Stalls around the car park which would need permission from Rob Wardle. The Christmas light switch on will be the last Saturday of November which is Saturday 26<sup>th</sup>. The committee questioned whether they could change the location of the firework display so that it can be seen clearly from the carpark, they have discussed who they would need to contact for permission for the next location.
